KSIS Contact,

Please note a correction to the Kentucky Specific Infinite Campus Release Highlights for E.1314.2 in the section pertaining to *Board Violation and Law Violation Dictionaries Locked*.

Please share this information with individuals in your district or office as appropriate.

	Infinite Campus Release Highlights - E.1314.2	
Kentucky Specific Highlights		
2013 IDEA Dec 1 Count Report Updates	<ul style="list-style-type: none"> • The Effective Date was made read-only on the report editor. (The Effective Date used is now 12/01/YYYY where YYYY is the school year selected in the toolbar.) • Selection criteria was updated so that only Special Ed plans are used in report and warning logic and not PLPs. • Batch Queue functionality was added. Users can now schedule when to have the report generate. • A separate Validation Report was created which contains information reported on the existing Warning page. Users can choose between generating the report or the validation report on the report editor. • A table of contents was added to the Warnings report. • Error 2 Begin Date warning was removed. • Error 3 End Date warning was modified to require that the end date of the Valid IEP occur within the reporting year. 	
FRYSC Program Participation Wizard Updates	<ul style="list-style-type: none"> • The Default Parent Participation checkbox was removed. • Start and End Dates for programs are available on the wizard. These fields default to the start and end dates of the program selected. If the program does not have an end date, the End Date field will default to 06/30 of the year selected. <ul style="list-style-type: none"> ○ Students can be enlisted in FRYSC Group Programs regardless of the type of enrollment. ○ Students can be enlisted in a specific group program more than once as long as date ranges for their instances of the program do not overlap. • The wizard allows users to delete students from existing FRYSC Group 	

	Programs.	
Termination Status Logic Updated on TEDS Tab	<p>Logic for the Termination Status field on the TEDS tab has been updated to the following:</p> <ul style="list-style-type: none"> • If Student Objective 1: Exploratory is selected, then the only available Termination Status values are: 04: Exploratory Exit 15: Death 99: Inactive (not terminated) • If Student Objective 2: Preparatory is selected, then the only available Termination Status values are: 02: Leaver/Dropout 03: Transfer 08: Completer and HS Grad 09: Completer and not HS Grad 12: Graduated w/o completing prog 15: Death 99: Inactive (not terminated) <p>Warning 8: "One or more programs are marked Preparatory under 'Student Objective'. Please select a Student Objective marked Preparatory to continue." was removed.</p> <p>Warning 6 was updated to state, "Selected Termination Status is not allowed for Objective: Exploratory. Select status 02,03,08,09,12,15 or 99."</p> <p>Warning 7 was updated to state, "Selected Termination Status is not allowed for Objective: Preparatory. Select status 04,15,or 99."</p>	
Safe Schools Extract Updated and Made Available for State Users	<ul style="list-style-type: none"> • Economic Status now pulls data from pos Eligibility.eligibility. • A table of contents was added to the Validation Report. • Errors within the Validation Report were renumbered as follows: <ul style="list-style-type: none"> • Error 2 is now Error 1. • Error 3 is now Error 2. • Error 4 is now Error 3. • Error 5 is now Error 4. • Batch Queue functionality was added. Users can now schedule when to generate the report as well as access previously batch queued reports. The Safe Schools Report is now available for Kentucky State Editions of Campus. Only behavior data that has been synced to the State Edition is reported. 	
Board Violation and Law Violation Dictionaries Locked	<p><u>Dictionaries for the Board Violation and Law Violation fields were incorrectly unlocked for some Kentucky districts. To correct this issue, both fields have been locked for all Kentucky districts, missing codes have been added and user-created unique codes have been deprecated.</u></p> <p>The database location for the Unaccompanied Youth field is now in the Enrollment table. The SIS-040 Extract was updated to report this information from the new location.</p> <p>Existing data in the previous location was converted accordingly.</p>	
Validations Added to Behavior Events Mapped to Law or Board Violation Code	<p>Users will receive a validation message when attempting to save a Behavior Event with an Event Type mapped to a State Event Code of 01: Board Violation and no Board Violation value is selected.</p> <p>Users will receive a validation message when attempting to save a</p>	

[Enhancement]	Users will receive a validation message when attempting to save a Behavior Event with an Event Type mapped to a State Event Code of 02: Law Violation and no Law Violation value is selected.	
Core Product Highlights		
Grade Book (Beta)	<p>Grade Book (Beta) is available to all users. See the Grade Book (Beta) Release Notification for a description of new features: https://community.infinitecampus.com...e+Notification</p> <ul style="list-style-type: none"> ○ Expanded student and assignment areas ○ Improved options for grading rubric-based standards ○ New visual representations of student progress ○ Automatic recalculation as scores are entered ○ Extensive visual and functional improvements. <p>Access to the Grade Book (Beta) is determined by tool rights. Users may have rights to both the original java-based Grade Book and the new Grade Book (Beta) at the same time and can switch between as desired.</p>	
Instruction - Seating Chart Print Options	The print options on the Seating Chart were moved to a Setup page, accessed through the Print Options button added to the action bar, to make it more clear that these options are not saved when the Seating Chart is saved.	
Messenger - Improvements for Messenger Preferences	Messenger Preferences were consolidated and more logically organized in System Administration > Messenger > Messenger Preferences. This change created a common area for districts to set up Email, Voice and Text (SMS) preferences.	
State Edition - Improvements for Custom Tabs	Users can now use the Batch Sync option to allow a district to sync all custom tab data to State Edition at one time. State Edition users can also sync all custom tab data from District Edition at one time. Wording changes have been made on the State Edition Custom Tab. The ability to create a new custom tab now displays when the user is viewing the Custom Tab tool (no tab is currently selected), when a custom tab has not been published and when a custom tab has been published.	
State-Level Graduation Record Now Available	A state level graduation record is now available. This record displays the earliest ninth grade enrollment information and the earliest NCLB cohort information for students as entered by districts. Data displays on this state graduation record only after it has been synced from the district.	

Thank you,
